RE: Compliance Inspection Responses, Permit No. 18-09 and Permit No. 18-12

Dear Mr. Tolbert,

This letter is to follow up the *Compliance Inspection Response, Industrial Landfill No. 1* and *Compliance Inspection Response, Flue Gas Desulfurization Landfill* with attached leachate maintenance reports submitted by Mr. Jason M. Allen, SVP and sent via email to me on this date by Ms. Kimberlee Hutchinson. The response letters and attached leachate maintenance reports are adequate to resolve the violations of 15A NCAC 13B .0203(d) noted in the Facility Compliance Inspection Reports of inspections conducted at each of the above-referenced landfills on February 20, 2014 and March 7, 2014. Please note that these violations will also be noted as "resolved" in the *Status of Past Noted Violations* section in subsequent inspection reports.

Thank you for resolution of this matter and please let me know if you have any questions. Please contact Larry Frost, Regional Permitting Engineer at 828-296-4704 or larry.frost@ncdenr.gov to make any changes to the approved operations plans for the landfills.

Sincerely,

Deborah Aja, Environmental Senior Specialist
Division of Waste Management, NCDENR

EC: Jason Watkins, Western District Supervisor
Sarah Rice, Compliance Officer
Larry Frost, Regional Permitting Engineer
Kimberlee Hutchinson, PE – Duke Energy
Ed Sullivan, PE – Duke Energy
